## VILLA REPORTED THIRTY MILES FROM BORDER WITH TWO THOUSAND BANDITS

Hurried Conference Is Held Between American Commander at Presidio Texas, and Defacto.

ANOTHER BIG BATTLE REPORTED FOUGHT

One Hundred Villistas and Many Defacto Bite Dust in Desperate Fight Near Chihuahua City, Reported.

(By Review Leased Wire.)  
PRESIDIO, Sept. 28.—Villa, with 2,000 followers, is within thirty miles of Ojinaga, according to a report here which claims Carranza officers at Ojinaga as its authority. A conference between Colonel Riojas, chief of arms of the constitutionalists troops at Ojinaga, conferred yesterday with Major A. V. P. Anderson, commanding the American garrison at Presidio. Neither side would say what matters were discussed.

HUNDREDS FALL  
CHIHUAHUA CITY, Sept. 28.—Over a hundred Villistas were killed, the bandit leader Daudello Uribe taken prisoner and heavy casualties suffered by Carranza forces in a terrific fight at Cusuhirichic, an important mining center, about 50 miles southwest of Chihuahua City, according to a message received this afternoon by General Trevino from General Matias Ramos, who was himself slightly wounded.

One General Shot  
The details of the fight were few and merely appended to the request of General Ramos for surgeons and medical supplies. A hospital corps detachment was accordingly rushed to the scene by train.

It is stated that the garrison at Cusuhirichic cooperated with the forces of Ramos, but whether they were attacked or had been the aggressors does not appear.

Defacto's Capture Manv  
Bandello Uribe, leader of the band and Villa's chief lieutenant, was the originator of the idea of cutting off the ears of captured government soldiers. Many others of his command are reported to have been made prisoner.

News of the fight was also received here from the telegrapher at Santa Isabel who added nothing to the report of General Ramos. The general's official report was sent by way of that town, to which the hospital train has been despatched.

Defacto's Reinforced  
Troops continue to pour into Chihuahua City from the south to participate in the Villa hunt. General Apolonio Trevino's command arrived from Torreon today and paraded through the streets. Horses of this command were in good condition and the troops will be sent into the field in pursuit of Villa at once.

General Fortunato Mayotte is expected to arrive here soon with his command from Laguna district near Torreon. The command of General Carlos Ozuena is now enroute from Saltillo to reinforce the garrison here, and a command from Monterrey under Colonel Muzquiz, is also on the road.

## MICHIGAN TRAIN ROBBERS ESCAPE

Mutilated Mail Pouch Found Near Detroit—One of Many Such Robberies.

(By Review Leased Wire.)  
DETROIT, Sept. 28.—The robbers who held up the New York-Chicago express on the Michigan Central Railway, 10 miles west of here last night, were still at large late today. Government detectives and Detroit officers, at the head of searching parties, said no clues had been obtained. One of the two registered mail pouches which were taken from the mail car was found today about 100 yards from where the robbers stopped the train. The pouch was split and was emptied. More than a dozen robberies of importance and several murders have been committed by bandits in Michigan during the last three months. None of the criminals have been captured.

## HUGHES STILL NIBBLING ON EIGHT HOUR MEASURE

G. O. P. Candidate Reads Dry Letters Seeking to Show Why Republican Senators Favored Bill.

CONDEMS SYSTEM OF FILIBUSTERING

Therefore, as He Didn't Call Them Off, 28 G. O. P. Senators Voted Wrong on great Human Measure.

(By Review Leased Wire.)  
SARATOGA SPRINGS, N. Y., Sept. 28.—Charles E. Hughes tonight told the Republican unofficial state convention here why he had not urged Republican senators to filibuster to the last against the passage of the Adamson eight hour law passed to avert the threatened railroad strike. The nominee declared he did not believe in filibustering, for one thing, and that if the majority in congress had determined to pass the bill there was no reason whatever why its passage should have been delayed by filibustering tactics.

"It (the administration) acted with swiftness," said Mr. Hughes, "and it cannot now cry that a Republican candidate a thousand miles away should have saved it from carrying out its fixed determination."

A question asked by Richard Olney, secretary of state under President Cleveland, as to why Mr. Hughes had not urged Republican senators to filibuster against the bill, was made the occasion for Hughes' declaration.

He said: "A distinguished Democrat, a former secretary of state, Mr. Olney, whom I have always admired and respected and whose record presents a singular contrast to that of the present administration, springs to its defense in its hour of trial. With his ability I assume he did the best that can be done."

"He asks why I did not urge 28 Republican senators to filibuster to the last trench. Well, I do not believe in filibustering, for one thing. If congress, through its majority, was determined to pass the bill, there was no reason whatever why its action should be merely delayed by filibustering. Arguments along this line really come to this—that in some way the administration should have been saved from itself."

"The truth is that the executive destroyed the moral strength of the situation when he threw up his hands, yielded the principle of arbitration and went to congress demanding the (Continued on Page Five.)

## Big Walkout Fails to "Come Off" In New York, As Loyal Laborers Stick to Employers and Jobs

(By Review Leased Wire.)  
NEW YORK, Sept. 28.—The widely exploited sympathetic walkout of trades unionists in greater New York in aid of the striking carmen, which was supposed to have started yesterday, had not materialized tonight, according to the police.

The labor leaders, however, claimed that upwards of 140,000 workers actually had quit their places but refused to make public the names of any unions answering the call.

The police declared they were unable to find any evidence of a general strike.

100,000 Refuse to Quit.  
A meeting of representatives of 36 unions of the United Building Trades, comprising a membership of more than 100,000, refused to take any action in the sympathetic strike movement, it was announced. They simply voted, according to their spokes-

men, to refer the question back to the unions themselves and adjourned until next Wednesday.

Other Unions Unfavorable.  
The longshoremen and tide-water dockmen, numbering about 34,000, also failed to take any definite action. A resolution passed by 41 longshoremen's unions said they stood ready and willing to quit in sympathy with the carmen "whether, in their judgment, a strike is necessary," and when they are ordered out by their international president, T. V. O'Connor. Members asserted that the prospect of O'Connor calling a strike was remote because of existing contracts. The International Brotherhood of Teamsters held a secret meeting but the result was not disclosed.

Law Again Prevails  
For the first time since the car strike began on September 6, New York surface cars were operated today without police guards. Numerous cars without wire netting to protect motormen and conductors also were put in commission. The service generally, it was announced, was improved, cars being operated even in suburban towns affected by the strike.

Deem Walkout Failure  
Officials of the transit companies asserted that the attempt to tie up the industries of the greater city by a sympathetic "walk-out" of union workers in the various trades had been a failure.

The possibility of a strike of motormen on subway and elevated lines being ordered by the Brotherhood of Locomotive Engineers was said by union men themselves to be remote inasmuch as the motormen now are earning from \$8 to \$10 a day. Interborough Rapid Transit officials assert that they did not anticipate any trouble from the brotherhood.

## GERMANS SPURN ALLIED TALK OF PEACE

Chancellor Vents Spleen on British, Germany's "Unscrupulous Foes" and Then Swears Vengeance.

(By Review Leased Wire.)  
BERLIN, Sept. 28.—The speech of Chancellor von Bethmann-Hollweg in the Reichstag today contained no peace profers, which he declared would be useless in view of the attitude of the entente allies. There was no intimation in the speech of a resumption of the submarine warfare. The chancellor scathingly arraigned England as Germany's "relentless and unscrupulous foe," and declared that statesmen who refrained from using all possible suitable weapons against such an enemy, owing to sentiments of consideration or a desire to keep open a basis for a future understanding deserved to be hanged. The chancellor in his peroration reasserts his firm determination to carry through reforms in the state organization.

PENNSYLVANIA DIVISION ENDS FOUR-DAY HIKE.

EL PASO, Sept. 28.—After marching sixty miles along the Rio Grande above El Paso, across Anthony Pass and into New Mexico, the Seventh Infantry Division, Pennsylvania National Guard, returned to camp near here this afternoon. The "hike" occupied four days and was made under the personal command of Major General Charles M. Clement. The Tenth Provisional Infantry Division, in command of Brigadier General Charles M. Morton, is expected to leave Sunday for a practice march to Fort Selden, New Mexico.

BRITISH CAPTURE 600

LONDON, Sept. 29 (12:59 a. m.)—The British forces have captured the greater part of a German redoubt north of Thiepval, which overlooks the northern valley of the Ancre, taking nearly six hundred prisoners, according to the official statement from general headquarters, issued at midnight.

## INDIANS WOULD FIGHT OVER PEACE

"My Tribe Licked Yours Before and Can do it Again" Says One; "I'm From Missouri" Insists the Other.

(By Review Leased Wire.)  
CEDAR RAPIDS, Ia., Sept. 28.—At the second day's session of the Society of American Indians here an Apache challenged an Arapahoe to combat during a clash over a resolution proposing the abolition of the federal Indian bureau. Mr. Montezuma, an Apache, in the course of an impassioned speech attacking the Indian bureau as inefficient directed his remarks at Dr. Sherman Coolidge of Colorado, an Arapahoe Indian, and a former member of the federal bureau. "I am an Apache," he shouted, "and you are an Arapahoe. I can lick you. My tribe has licked your tribe before." "I'm from Missouri," shouted Dr. Coolidge and the laughter that followed broke the tension. Both sessions of the conference were heated. The treatment the Chippewa Indians were accorded by the government has been opportunity for severe criticism and heated debate.

## EXONERATION IS SOUGHT FOR VILLA

(By Review Leased Wire.)

EL PASO, Sept. 28.—Further efforts to establish an alibi for Francisco Villa at Columbus and Santa Ysabel are being made on the American side of the Rio Grande. This movement is said here to be fostered by persons interested in starting another revolution against the de facto government.

The latest evidence of this effort is a letter purported to have been written by one of Villa's minor officers stating that Pablo Lopez, Jesus Garcia, C. Cervantes and Nicolas Hernandez planned and carried out the Columbus raid after being sent out by Villa from Ascension to steal cattle. The letter adds that Villa became enraged when he learned what had been done and had dismissed all of his commanders.

This is in direct opposition to the statement of Mrs. Maud Wright, the American woman who was a prisoner of Villa and who was released the day preceding the Columbus attack. She claimed to have seen Villa leading his men toward Columbus. It is also stated by friends of Villa here that he will be able to prove an alibi for himself at the time of the Santa Ysabel massacre at which Americans and other foreigners were killed. An effort will be made, Villa's friends here declare, to convince General Hugh L. Scott, chief of staff of the United States army and whom Villa calls his friend, that he had no part in either of these attacks.

## GREEK ADMIRAL FLEES TO ALLIES

Nation Upset by Latest Turn, King Summons Advisers—Greek Fleet Is Reported as Joining Allies.

(By Review Leased Wire.)  
ATHENS, via London, Sept. 28.—The departure from Athens of Admiral Cologouritis, besides causing a deep impression on the king, has upset the nation. The Greek battleship Hydra and two torpedo boats have left their anchorage with the Greek fleet and joined the Entente allies fleet in Salamis Bay. The king called a conference of Premier Kolokotronis, General Moschopoulos, the chief of staff, Rear Admiral Damianos, the minister of marine, and Nicholas Strathos, ex-minister of marine, within the palace to discuss the action to be taken in view of the silence of the entente powers respecting Greece's proposal to join the allies, made through the Greek minister at Entente capitals ten days ago.

HUNDREDS OF JEWISH SOLDIERS OBSERVE HOLIDAY.

EL PASO, Sept. 28.—Hundreds of Jewish soldiers in the national guard regiments and in the United States army observed Rosh Hashanah, the Jewish New Year, today. They were given leaves of absence from camps and worshiped in the town temples. Captain I. Schayer, of the Second South Carolina regiment, went to Columbus, N. M., today where he conducted services for the Jewish soldiers in that camp.

EXONERATE BOSTON MAN FROM MURDER AT BALL GAME

BOSTON, Sept. 28.—John Finerty, charged with shooting Edward McManus, also known as Eddie Mack, during a baseball game at Braves Field on June 5, was found not guilty by a jury in the Suffolk superior court late today. Both men are well known in sporting circles.

## COUNCIL HEARS OF MANY FIRE TRUCKS, WILL BUY ONE TODAY

After seeing, in miniature and in picture, after breathing by reason of a surcharged atmosphere, and after hearing for three and a half hours, last evening, nothing but automobile and fire truck, Bisbee's city council adjourned until this evening at 7 o'clock when the award will be made which will start the wheels in motion towards motorizing the fire department of the copper metropolis.

Four concerns and five makes of motor-driven apparatus were represented last evening, in pursuance to the advertisement for bids which had been published some weeks ago. The concerns which offered specifications and prices, included the American La France Company, by special representative; the Seagraves Company, by special representative; the Hale Company, by the Bisbee Auto Company, and the Packard and Jeffery machines by McArthur Brothers' Company.

After the bids had been opened by the council and all read, each representative was asked to explain his offering. This each had done, in detail. The good points of each truck were dwelt upon at length and each presented many such for the edification of the council and the people who had gathered to hear the discussion.

Two general types of cars were offered, six cylinder machines and four cylinder. From the gist of the (Continued on Page 5)

\*\*\*\*\*  
18-INCH GUNS FOR BRITISH NAVY.  
WASHINGTON, Sept. 28.—Battleships equipped with 18-inch guns, three inches bigger than any now afloat and two inches greater than the largest guns projected for the new battleships and battle cruisers to be added to the American navy, are under construction in Great Britain, according to unofficial advice which are given credence by naval officers here.  
The big guns are designed primarily to be used against land fortifications.  
Fourteen-inch or sixteen-inch guns can be carried in greater number and fired with greater rapidity. As a means of developing floating fortresses which could throw great projectiles into land forts out of sight of the horizon, the ordnance experts believe the eighteen-inch guns would have great possibilities.

## CHANGE MAY BRING WAR WRITES WILSON

American Voters, He Says, Face Question Whether to Remain in Peace or Plunge Nation Into Danger.

NEW HANDS MAR BUNGLING SITUATION

President Pens Numerous Letters as Part of Porch Campaign, One to Suffrage Women of Oregon.

(By Review Leased Wire.)  
LONG BRANCH, N. J., Sept. 28.—In a message opening his campaign of letter writing, President Wilson declared today that "the United States government is about to determine whether we shall keep the nation upon its present terms of peace and good will with the world or turn to radical changes of policy which may alter the whole aspect of the nation's life."

The President wrote the letter to Miss Leona L. Larrabee, president of the Woman's Democratic Club of Portland, Ore., thanking her for work being done in his behalf by the organization.

"I cannot help having the feeling," said the President's letter, "that the intelligent women of Oregon need no suggestion or intimation from me as to what are the real issues of the present campaign or the real concern that women must have with these issues."

The Real Issue  
"As a very sincere advocate of the extension of suffrage to women, it seems to me a very great mistake that partisanship should be made of it, in a time so critical as this, when the question is about to be determined whether we shall keep the nation upon its present terms of peace and good will with the world or turn to radical changes of policy which may alter the whole aspect of the nation's life."

In another letter, sent to Howard C. Williams of Jackson, Missouri, Mr. Wilson regretted that he cannot attend the annual convention of the Young Men's Business Clubs at Jackson on October 10.

Young Men's Side  
The problems of the future in the field of business are going to be new problems very largely," he wrote, "or else old problems in a new form. It will need imagination higher and enthusiastic to deal with them as they should be dealt with and the young men of this generation should be preparing themselves in mind and heart for a new era. Since I cannot appear before you personally, I can only ask you to speak for me and to assure the gentlemen assembled of my profound interest in the part they are to play in the future development of the nation we love."

No Campaign Tour  
The president made it clear again tonight that he has no intention of making a campaign tour. It was reiterated that all speeches made by him away from Shadow Lawn will be before non-partisan organizations and generally speaking, will be non-partisan in form.

No Special Train  
In replying to an invitation to make an extra speech on one of his middle western trips, Secretary Tumulty wrote tonight that no plans were made for any rear platform speeches by the President. On those trips the President's car would be attached to regular trains, and only the regular brief stops would be made. A suggestion had been made that Mr. Wilson might speak before election in all parts of the country.

The President accepted an invitation today to review the New Jersey regiment at Seagirt. Today the President discussed political subjects with Mrs. Tarbell, a magazine writer and late this afternoon received a group of moving picture makers who took him in various poses.

BOSTON, Sept. 28.—A report was received at the office of Adjutant General Pearson today that the federal government would allow the state troops transported to the Mexican border to take their mounts home with them.
